Kelley McCarter

Kelley McCarter joined the Keep Nassau Beautiful (KNB) Board of Directors in the summer of 2019. She participates in many volunteer events for KNB and is currently the recording secretary for the organization. She also serves on the Planting Nassau's Future committee assisting with KNB's Adopt-A-Tree and Legacy Tree projects.

Kelley hails from Richmond, VA and became a resident of Nassau County in early 2019. She is a Certified Forester with the Society of American Foresters (SAF) with BS degrees from NC State University in Forest Management, and Natural Resources Policy, Management and Administration. Kelley's career has included extension forestry positions in North Carolina and Washington state, and devoting time for volunteer work at several environmental non-profit organizations as an educator, volunteer coordinator, board chair, and SAF State Chair. She loves putting energy into environmental education to the public and being part of a team like KNB.

When not supporting KNB, Kelley makes a living as the editor of National Woodlands magazine, is on the USDA Forest Service's Stakeholder Advisory Committee for the Community Foresters in the U.S., and is the communications chair for Appalachian Society of American Foresters 2022 Centennial Meeting in Asheville, NC.
