

I've been an environmentalist, trying to maintain a green home and business, since I moved to FL in 1996. My husband, Ray, and I have operated a kayak ecotour business for the past 26 years. Kayak Amelia has been the official outfitter in Talbot Island State Parks since 2002.

Fifteen years ago we created Wild Amelia to educate local residents and visitors about the NE Florida environment. I believe that helping folks to have that 'unclose and personal' experience with nature is the best way for them to get passionate about the environment.

In my 'former life' I was a nurse and have two children and two grandkids who live in Nassau county.
