## **Planting Nassau's Future in Two Fernandina Beach Parks**

Fernandina Beach, Florida, May 8, 2020 – Keep Nassau Beautiful (KNB) extends thanks and appreciation to Rayonier Advanced Materials for their support of the community and Planting Nassau's Future. With their donation to the Legacy Tree project two Southern Magnolia trees were recently planted along Ash Street in the public park adjacent to Fernandina Beach City Hall.

KNB has also planted two Live Oak trees at Egan's Creek Park. We appreciate the following donors for helping to restore the tree canopy and beautify Egan's Creek Park:

The Princess Amelia Chapter, Florida Society of Colonial Dames XVII Century made their donation in honor of Cindy (Lucinda) Glenn, Vice President of Princess Amelia Chapter at the time of her passing. Ms. Glenn had previously been Chapter Regent of the Amelia Island Chapter, Florida Society of DAR.

Ms. Pam Hart, Chair of the North Florida Land Trust's Amelia Forever Campaign, made her donation in honor of her mother, Mrs. Jenlee West. Ms. Hart likes to think of her donated tree as the Jenlee Tree.

All trees are easily identified by the water bags, which are being kept full of water by Fernandina Beach Parks and Recreation staff and City Arborist, Dave Holley.

"When it comes to trees, clearly we have some enthusiastic donors and special partners in this county," said Kelley McCarter, KNB Board Member and Officer. "The KNB program, Planting Nassau's Future, has only just begun."
