

Janet Vining

Janet Vining is a process control engineer at Rayonier Advanced Materials. She moved to Fernandina Beach in 2012. She has a degree in electrical engineering from the University of New Hampshire. The majority of her career has been spent in the paper industry and prior to her move to Florida, she lived in Oregon and Alabama. Many people know Janet from her proprietorship of Alley Cat, which was a favorite piano bar on Center Street.

Growing up in Maine, Janet learned at an early age to appreciate nature and recognized the need to safeguard it. She is an advocate for the environment and being part of Keep Nassau Beautiful fulfills her desire to join with others to be proactive to care and protect her community.
