Daphne Forehand is the founder of FloriSocial Marketing, a company specializing in social media marketing and short-form video content. She holds a bachelor's degree in international relations, specializing in sustainable development. Her past experience as a City Planner with the City of Fernandina Beach has enriched her understanding of community engagement and urban planning. In her role at FloriSocial Marketing, Daphne applies this knowledge to innovate in the digital marketing space, always aiming to foster meaningful connections and communication.
