

May 14, 2024
Wild Nite Presentation
by the Duval Audubon Society

Join us for the last Wild Nite Nature Presentation of the 2023–2024 season. Tuesday, May 14 at the Peck Center auditorium in Fernandina Beach, FL.

Duval Audubon Society will present information on this year's Wild Amelia Critter of the Year, the Pileated Woodpecker.

This talk will feature the pileated woodpecker along with other Florida species, discussing ways people can protect woodpeckers and other native birds at their homes and in their communities.
