

## **Katelyn (Kati) Holton**

My name is Katelyn Holton, but most people call me Kati. Nassau County has been home for most of my life, and it's a community I'm truly proud to be a part of. I graduated from Yulee High School in 2010 and have loved watching our community grow and change over the years.

I live in Yulee with my husband of more than 10 years and our 8-year-old son, who attends Wildlight Elementary. I've worked for the Nassau County Property Appraiser since 2019, and through my work I've developed a true appreciation for public service and for the people who dedicate their time to making our community a better place.

I'm a graduate of Leadership Nassau Class 24, which gave me the opportunity to meet so many people who care deeply about Nassau County and its future. That experience only strengthened my desire to get more involved and give back to the community I call home.

I love Nassau County for its people, its small-town feel, and especially its natural beauty. As a mom, I want my son and future generations to be able to enjoy the same beautiful community that I've grown up loving. I'm honored to serve on the Keep Nassau Beautiful board and help do my part to keep Nassau County a place we're all proud to call home.
